

# Guatemala Scholarships

John Knox continues to respond to God's call to serve our sisters and brothers in and around Cobán, Guatemala. **Please join in this transformative work by helping to fund students' education in two vital ministries with which we partner:**

**The WALC program (Women in Agroecology Leadership for Conservation)** invites adolescent women to a 25-day residency at Rob and Tara Cahill's agroecology center. These young women learn sustainable local agriculture, personal growth, leadership development, and women's health. They commit to continue in school through the following academic year and receive a modest monthly stipend to cover the cost of tuition at a local school in their town or village. One scholarship of \$150 covers the expense of one student's participation this year.

**La Patria Norte** is a K-12 school established in 2009 by the Evangelical National Presbyterian Church of Guatemala. It provides excellent secondary education in Christ's name to this underserved region, offering degrees in medicine, judicial sciences, agro-forestry, and computers. Worship, Bible study, and faith formation are integral to the learning these students receive. Cost for a student is \$600 per year. One scholarship contribution provides significant support; four scholarship contributions provides a full support for a student in Cobán.
